MAP:

~~Traffic:~~

- LGA

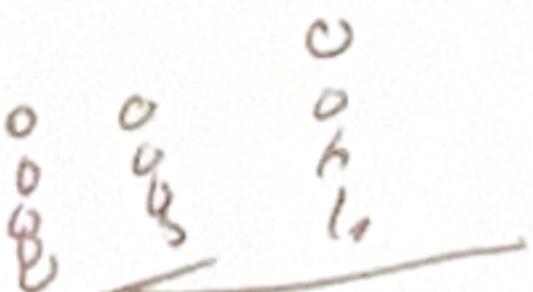

Travel time:

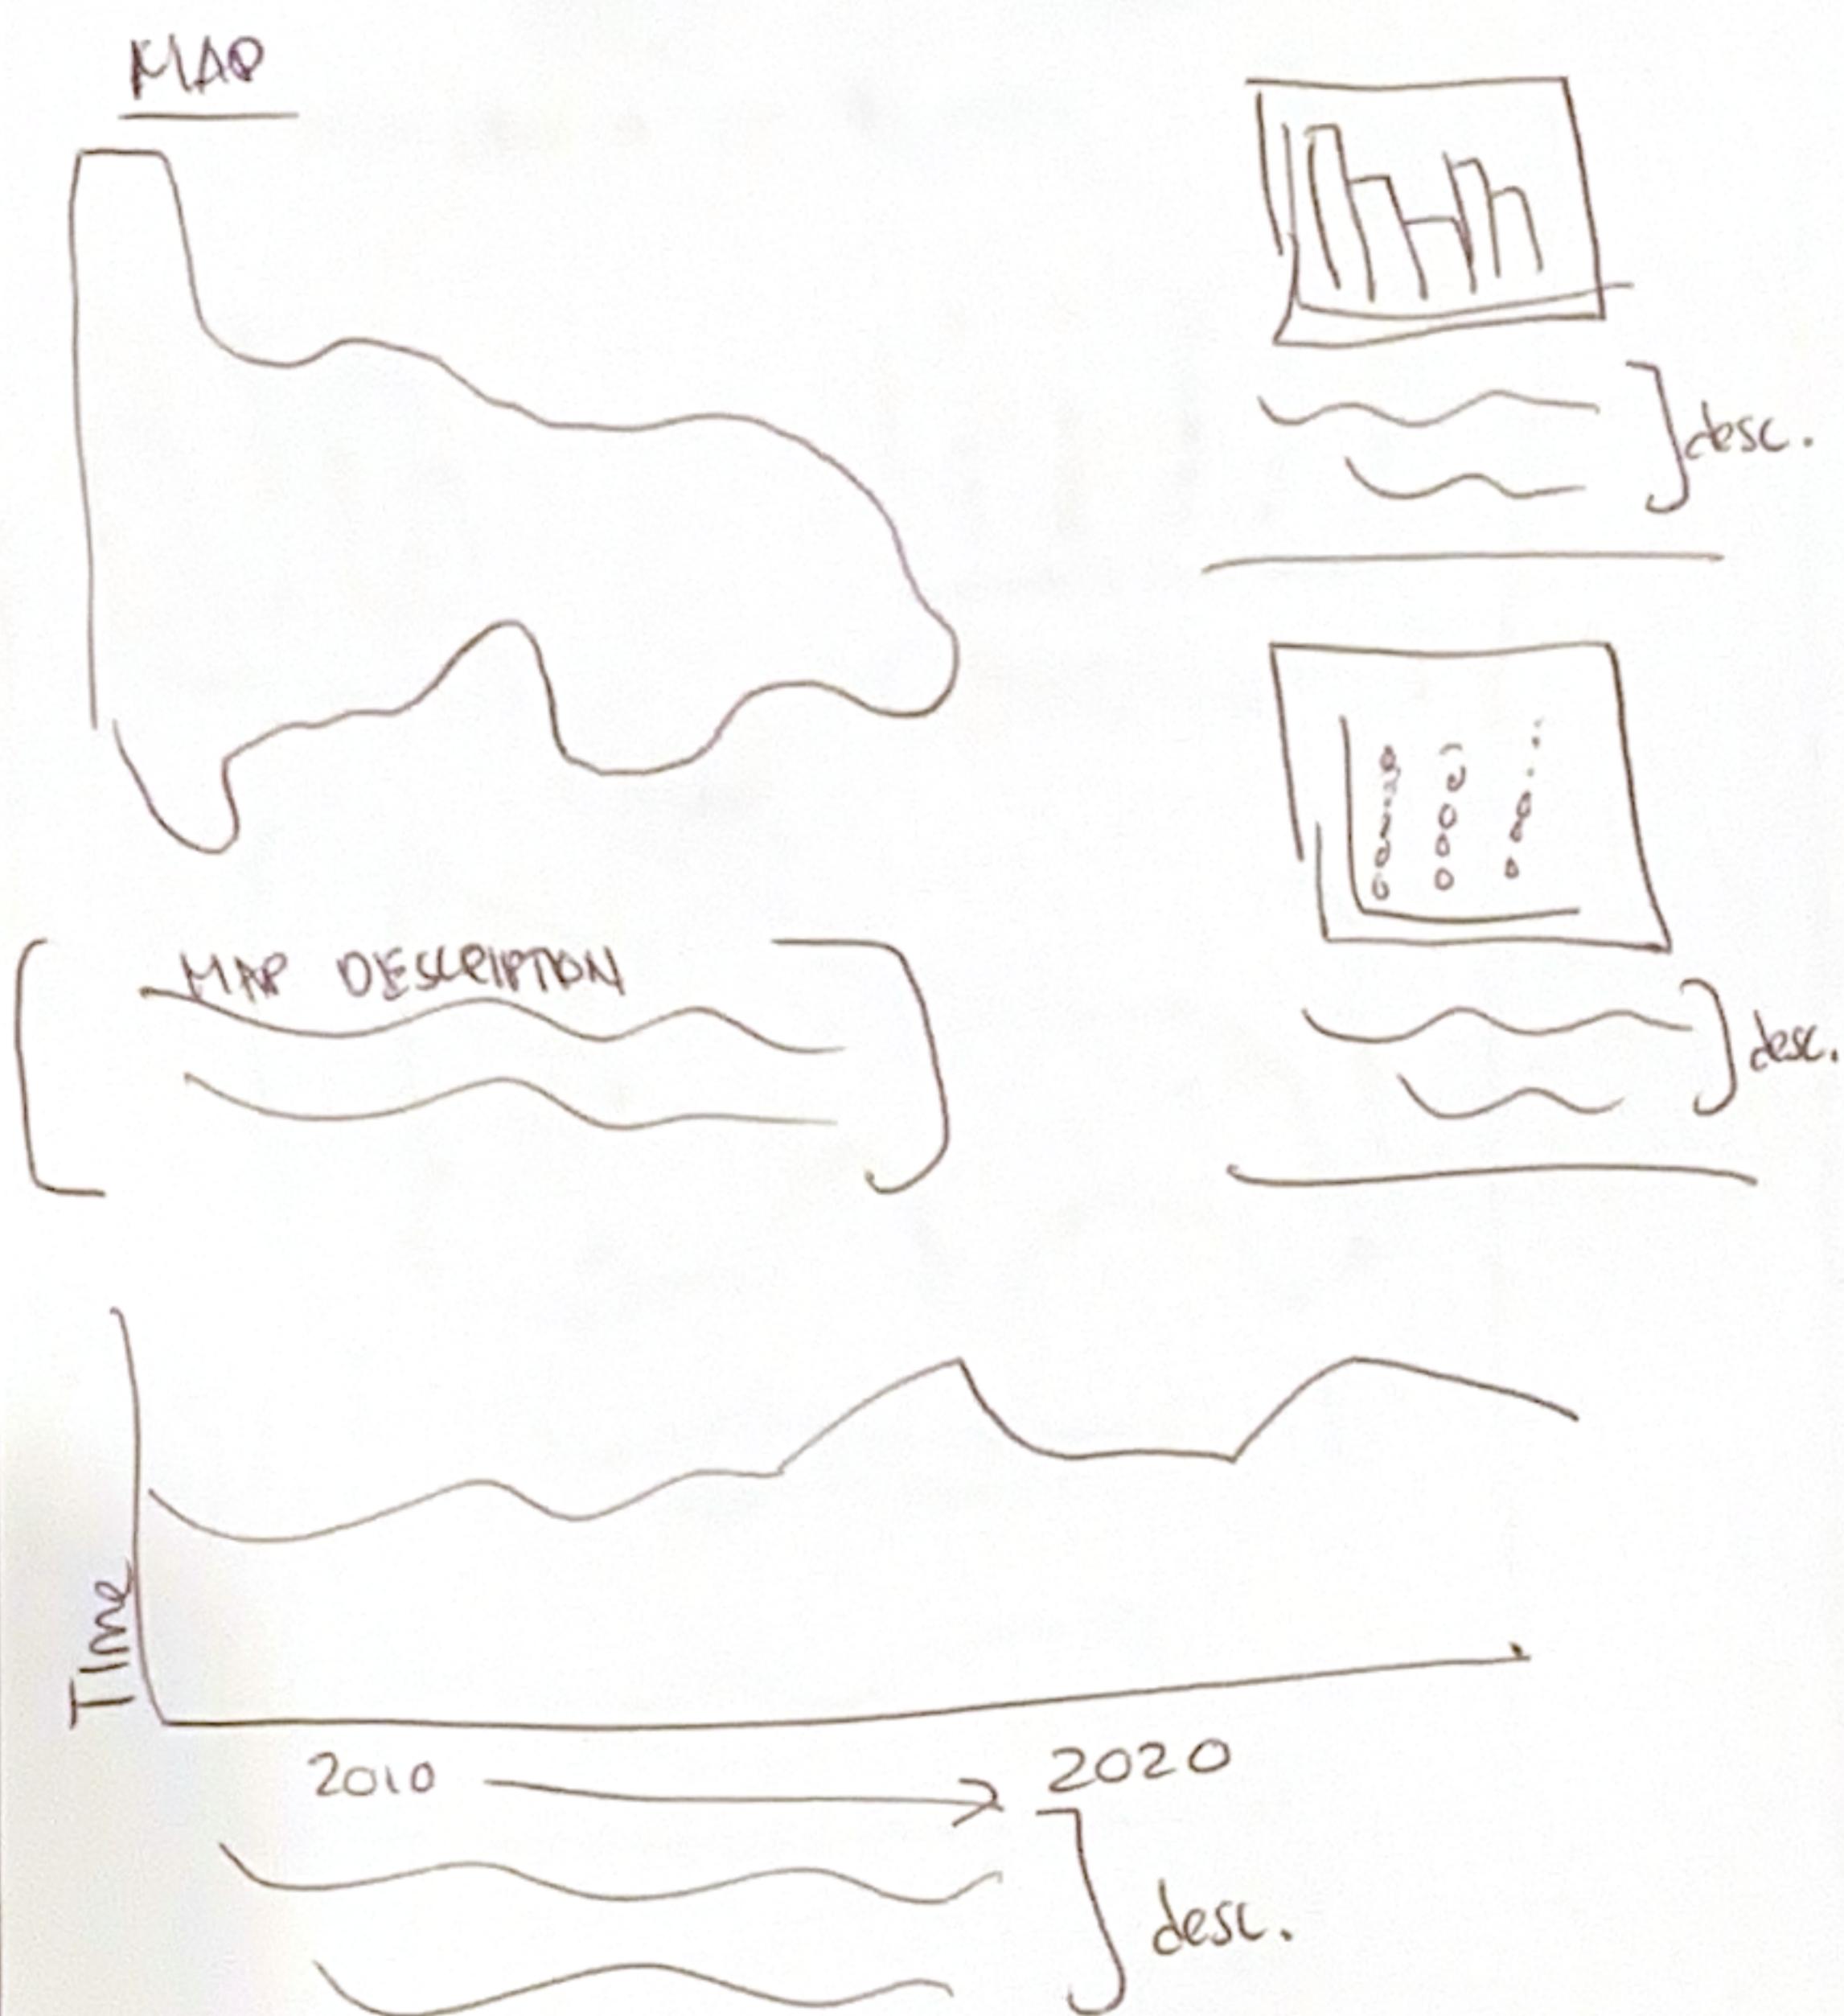

Combine & Refine

- Direction/Flow

Summarise and question

- Good start → ~~good~~ may need more plots

Part / FocusEmphasis on map

Sheet 28,4

Name Neil Tomhanar
Date 1/10/24

Title Victorian Traffic Behaviour

Description

Components / Operations

- Choropleth map
- Victoria
- Rest Areas
- Attributes
- ~~Map~~ Plot of traffic vs. LGA
- Plot of Direction vs. Traffic
- LGA → colour?
- Travel time

Pro & Cons

CONS

- Too much focus on map
- especially a map that is detailed over a large area

PROS

- Good visual hierarchy

Victorian Traffic Behaviour

[Description of viz. ; data]

2	1	0	7	2
1	8	8	0	0
0	8	0	0	0
0	8	0	0	0
0	8	0	0	0

A hand-drawn bar chart with five bars of varying heights, representing traffic volume. Below the chart is a wavy bracket indicating its scope.

Part / Focus

Focus on travelling attributes (volume ; direction), and LGA's.

They are at forefront before map.

Sheet 2, ④

Name Neil Tamhankar
Date 21/01/24

Title Victorian Traffic Behaviour

Description

Components / Operations

- Plot of traffic vs. LGA
- Plot of direction vs. traffic
- travel time
- Choropleth map
 - Victoria
 - Rest areas

Pro & Cons

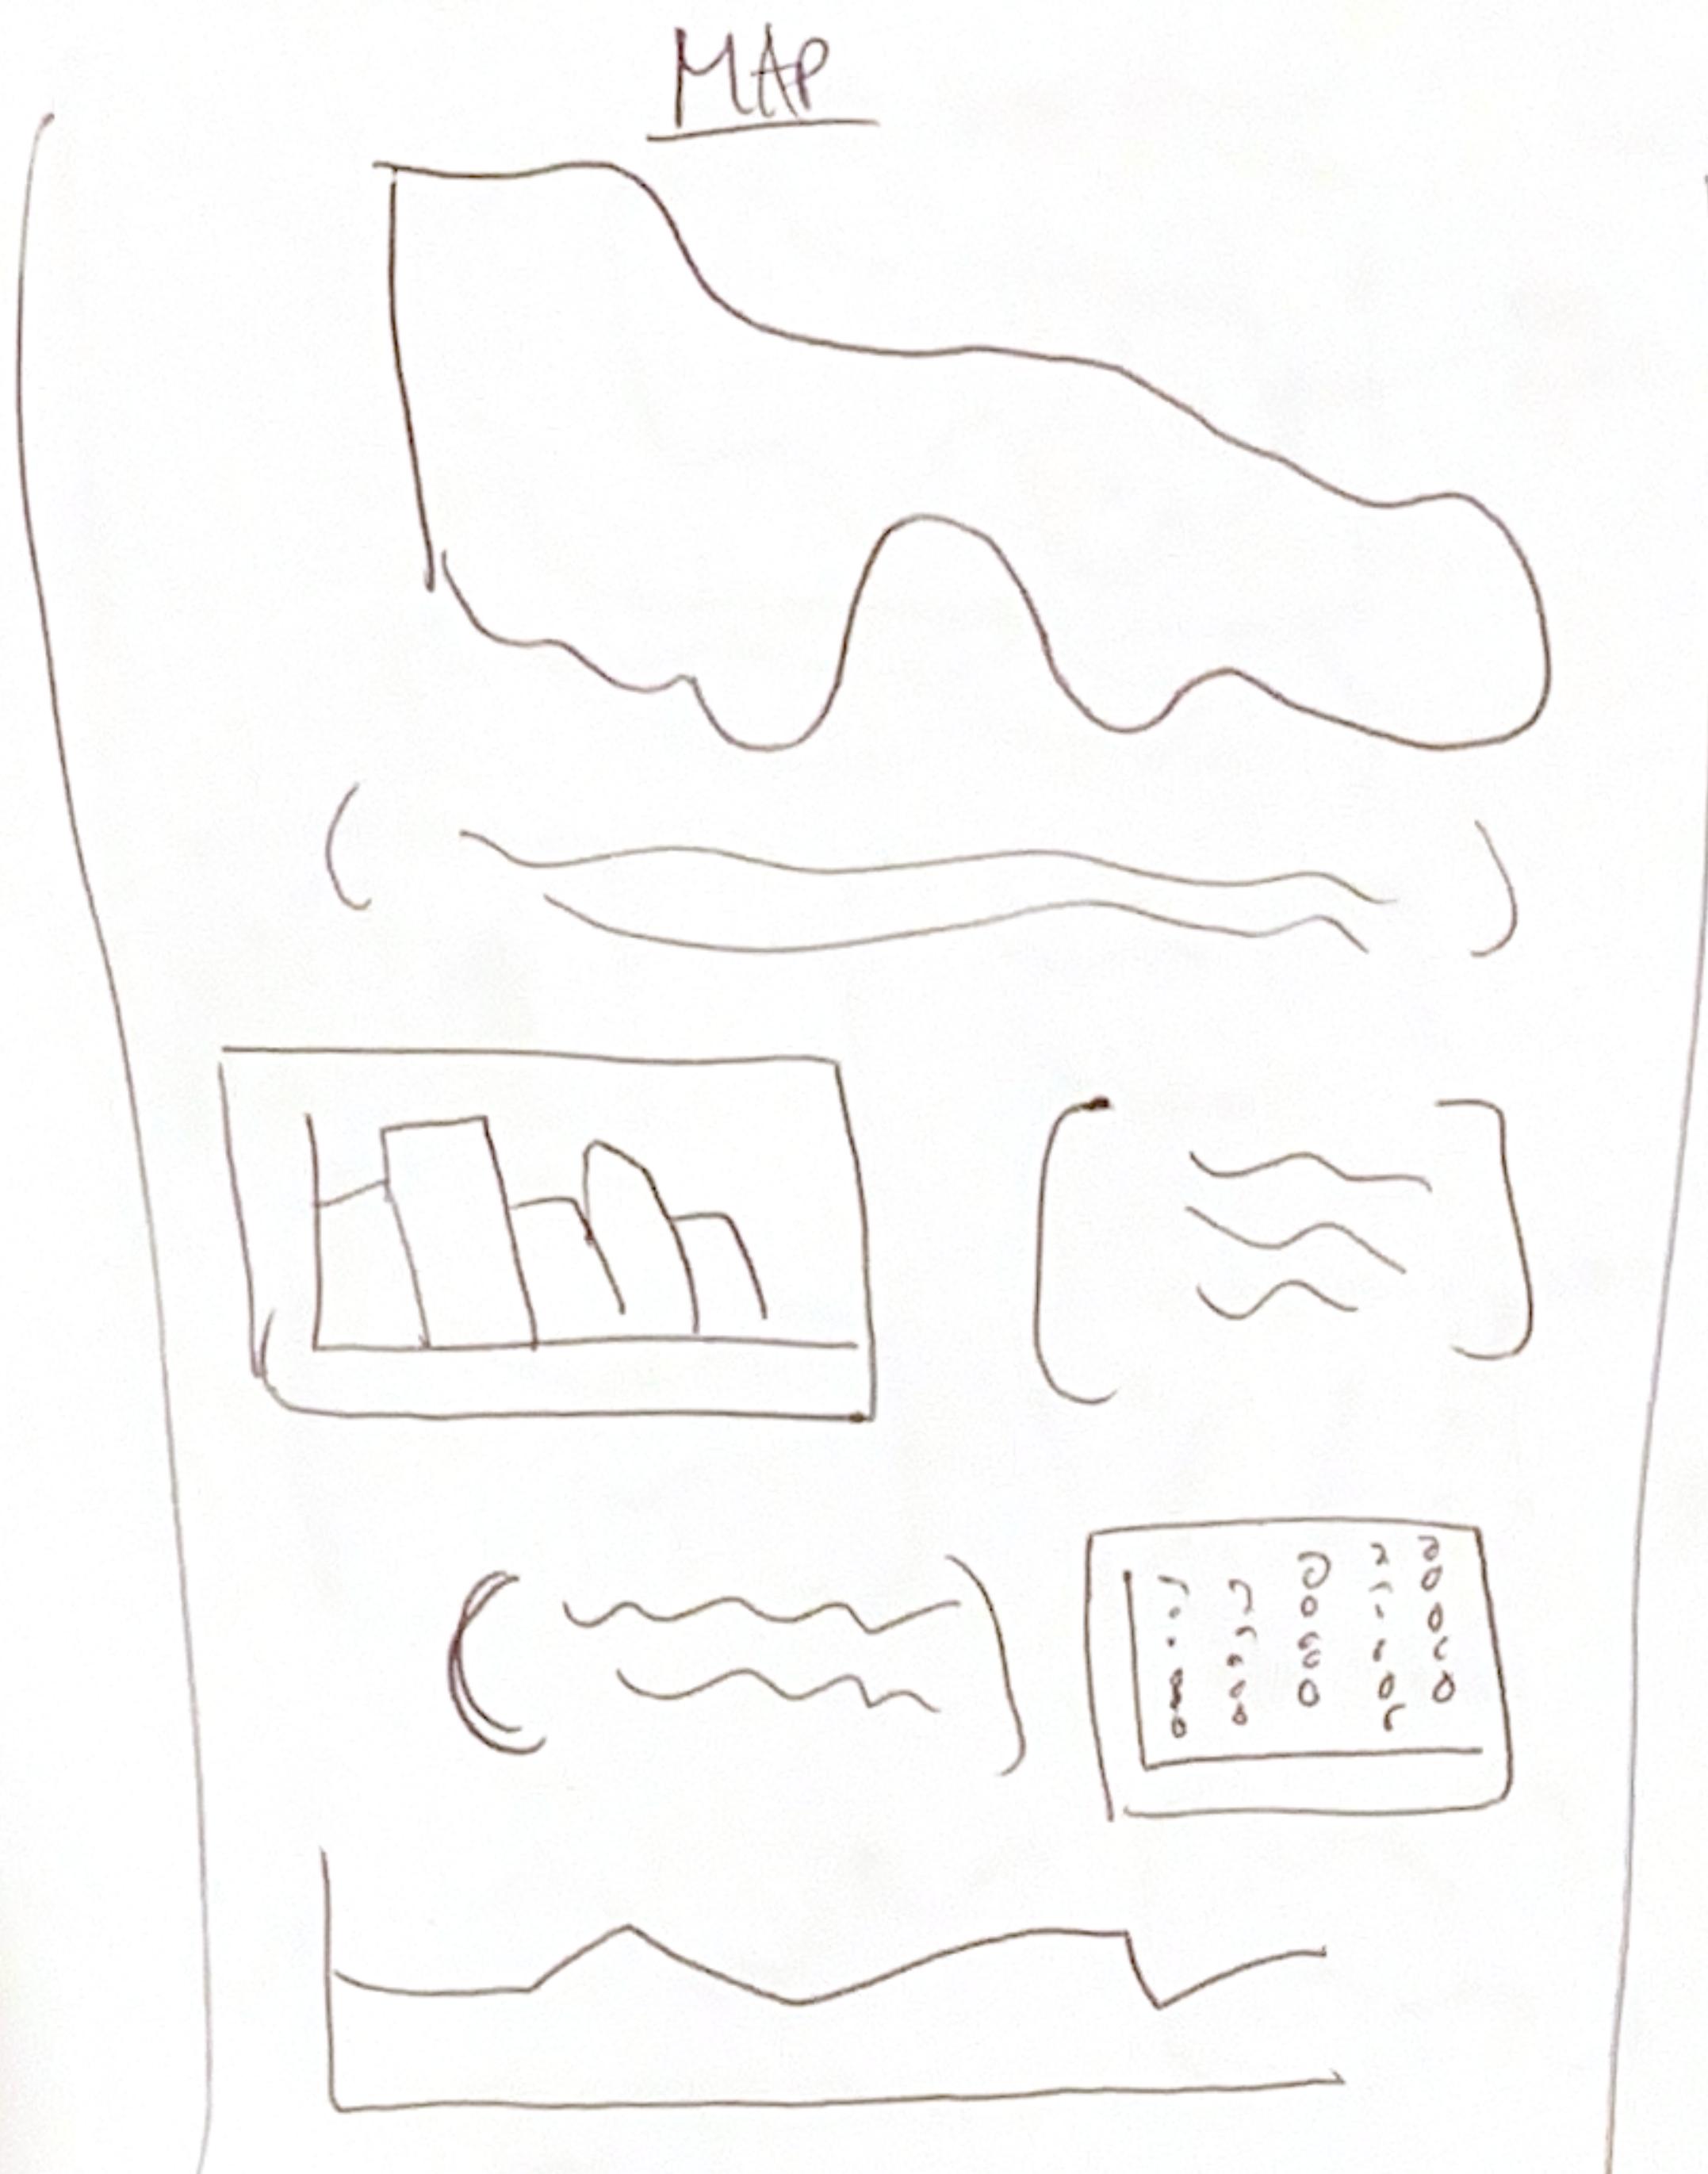

CONS

- Questionable visual hierarchy due to map being in center, and other plots being adequately sized.

PROS

- Highlights key traffic attributes before map

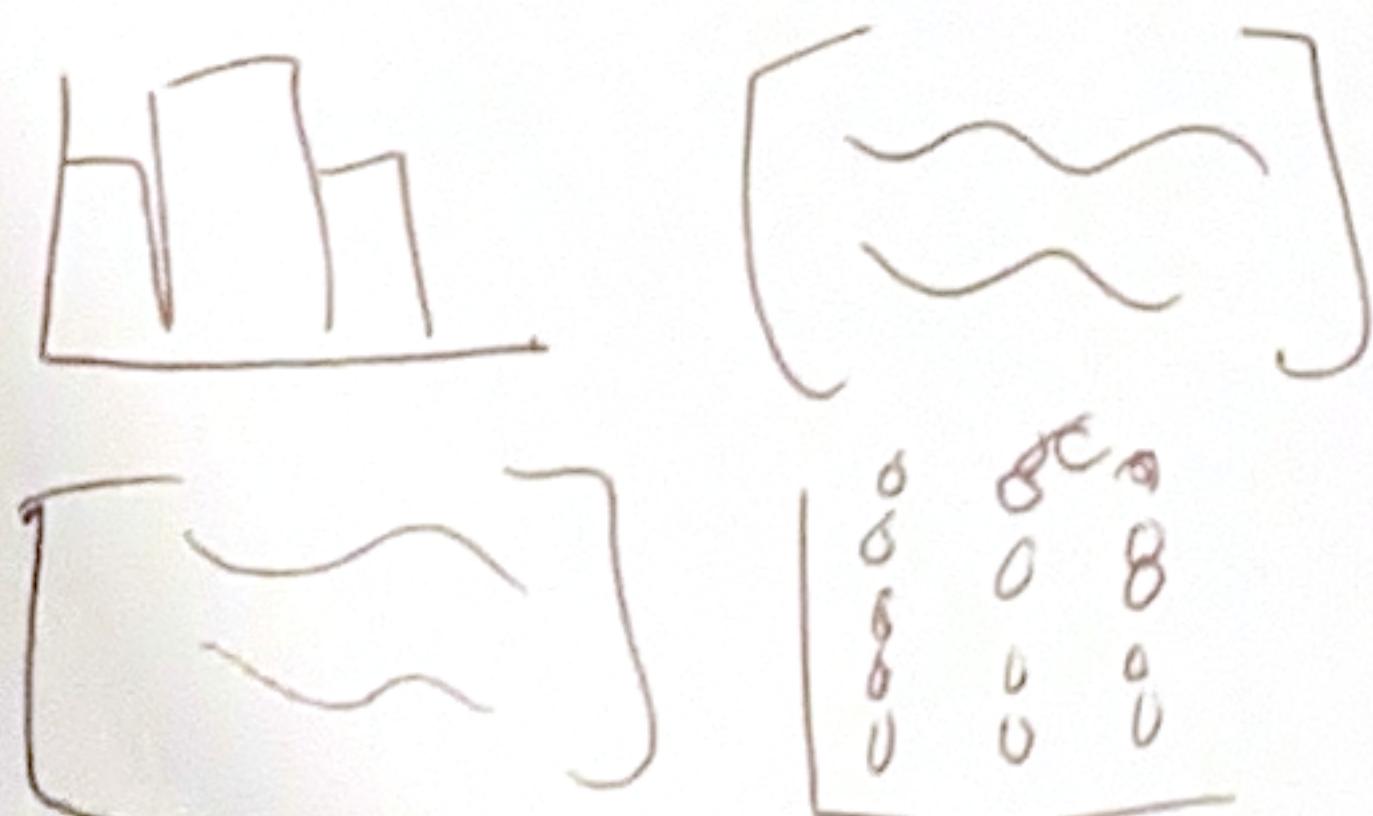

Big Picture / Layout

Part / Focus

Alternating format of plot + description

- ~~dots~~ stronger visual element, breaks up text regions

Sheet 2,3(4)

Name Neil Tamhankar
Date 3/10/24

Title Victorian Traffic Behaviour

Description

Components / Operations

- Choropleth map
- Rest areas
- Traffic vs. LGA
- Direction vs. traffic
- travel time (temporal)

Pro & Cons

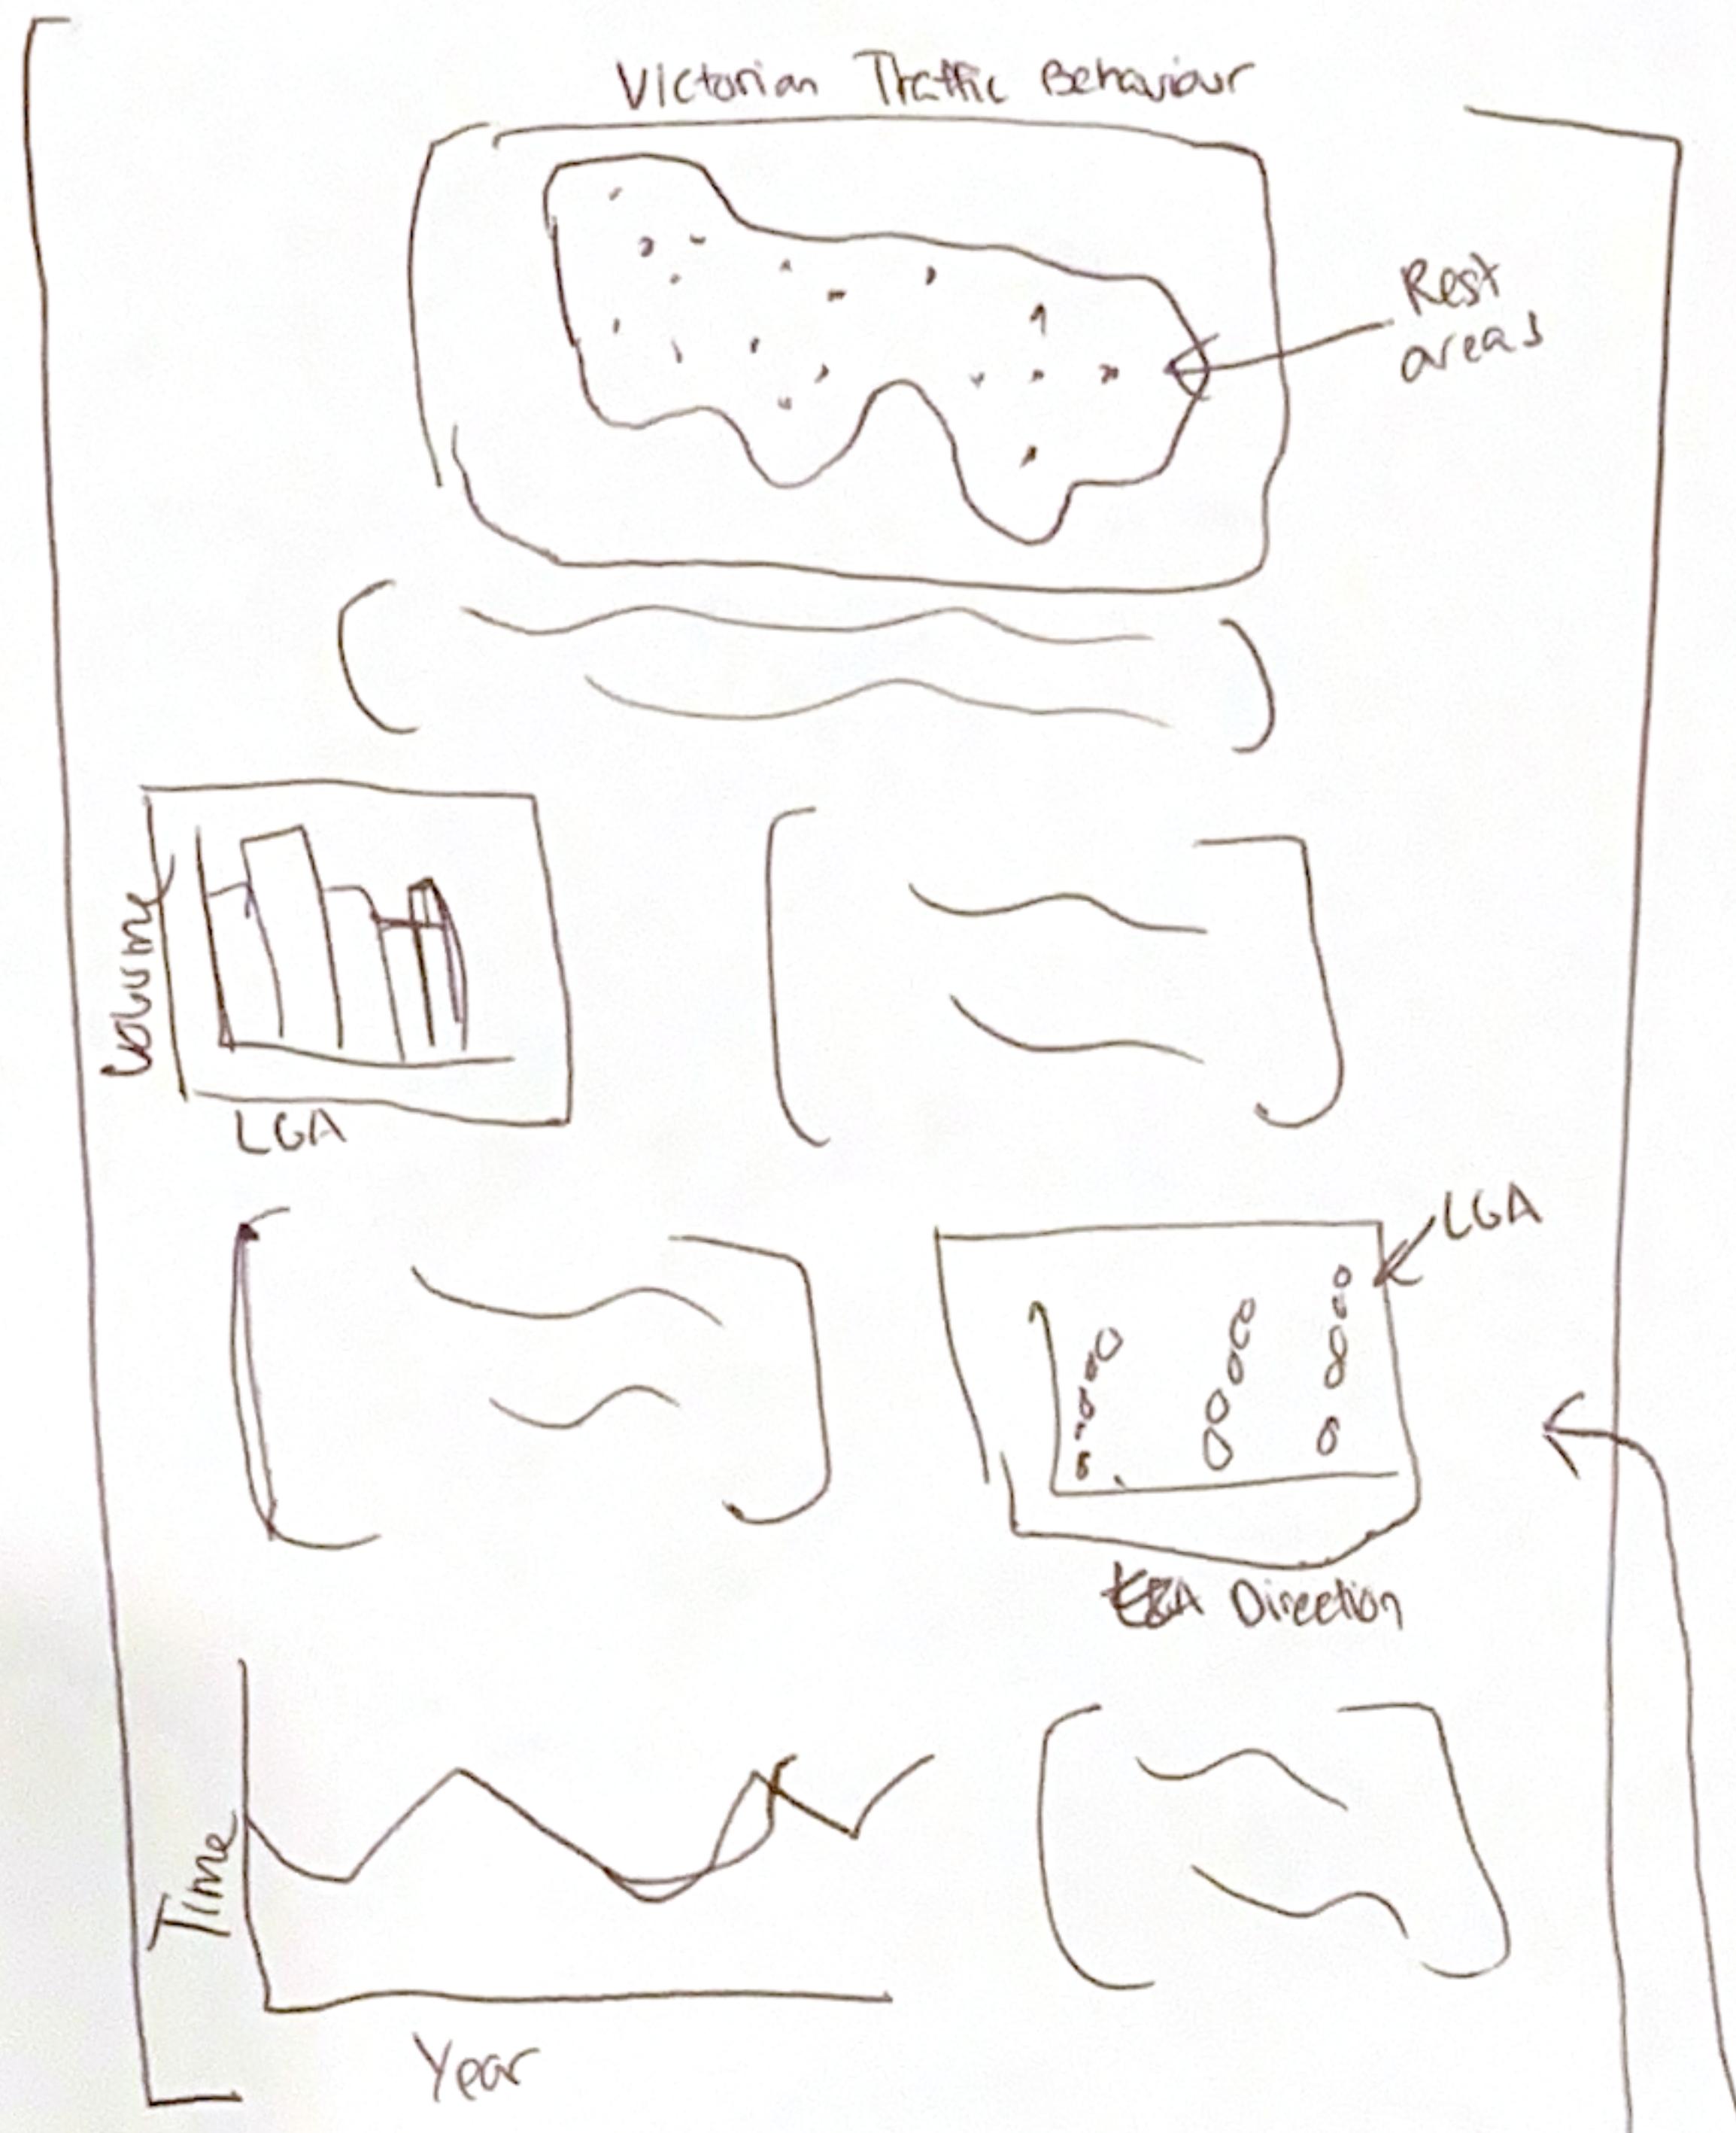

CONS

- Detracts from time series plot

PROS

- strong visual hierarchy
- not monotonous

Big Picture / Layout

Sheet 5

Name Neil Tamhankar
Date 3/10/24
Title Victorian Traffic Behaviour
Description

Components / Operations

- Choropleth map
- Victoria
- Rest areas
- Traffic volume vs LGA
- Traffic volume vs. direction] LGA → colour
- Travel time from ~~to~~ across time period

Part / Focus

- Large map
- Alternating plot ; description combination (columns)
- Equal sized plots

Details

- May add more plots for more complexity & deeper analysis
- May change plot type from circular marks to stacked bar chart
